

COURSE SYLLABUS

MATH 6th 2024-2025

ABOUT THIS CLASS

This course will allow your child to become an active learner by engaging in problem-solving opportunities, hands-on learning activities, online-instruction/assignments/assessments (**Schoology**) and performance-based assessments. In Grade 6, content is organized into five Alabama Content Areas as outline below: Ratios and Proportions, The Number System, Expressions and Equations, Geometry and Statistics. The purpose of this course is to prepare students for success in 7th grade. Students who put forth effort and show responsibility for their learning will be successful.
