- Project Based Learning activities
- Co-teaching

Scientific Revolution Wanted Poster

R. Carmichael - Due Wednesday, September 22, 2021

Objectives: Identify significant ideas and achievements of scientists and philosophers of the Scientific Revolution and the Age of the Enlightenment and how change to the knowledge of earth science was revolutionized.

Task: Create a Wanted Poster on your selected scientist after completing research. Complete the graphic organizer on your selected scientist to help organize your information.

Information to Include:

- Name of scientist
- Picture of scientist (use either the one provided or draw your own)
- Country of origin
- 4-7 basic facts about your scientist's life
 - Education
 - Family
 - Jobs
- Accomplices
 - Did your scientist work with anyone?
- Greatest accomplishments/contribution to science
 - Theories/Principles named after him
- Interesting facts
- Drawn symbols that represent things about him or what he worked on
- Reward
 - This could be something related to the scientist's actual discovery or a legitimate amount of money for the time period.

PROTEST POSTER PROJECT

HISTORY - CARMICHAEL

- Your assignment is to create a protest poster (on a stick) using a topic from the lists below or a different one from www.procon.org.
- Everything on the poster must be handwritten and hand illustrated.
- Protest signs have a short phrase or use minimal words with a large illustration to support the issue.
- You must turn in a paper (1 page or less) as to why this issue is important to you, while connecting supportive facts.
- These will be created in class & at home.
- You will present your protest poster to the class with an explanation of your topic on _____.
- Fracking
- US Supreme Court Packing
- Reparations for Slavery
- Cancel Culture
- Historic Statue Removal
- Defund the Police
- Death Penalty

Special Events & Fun Stuff

• Themes & Contests

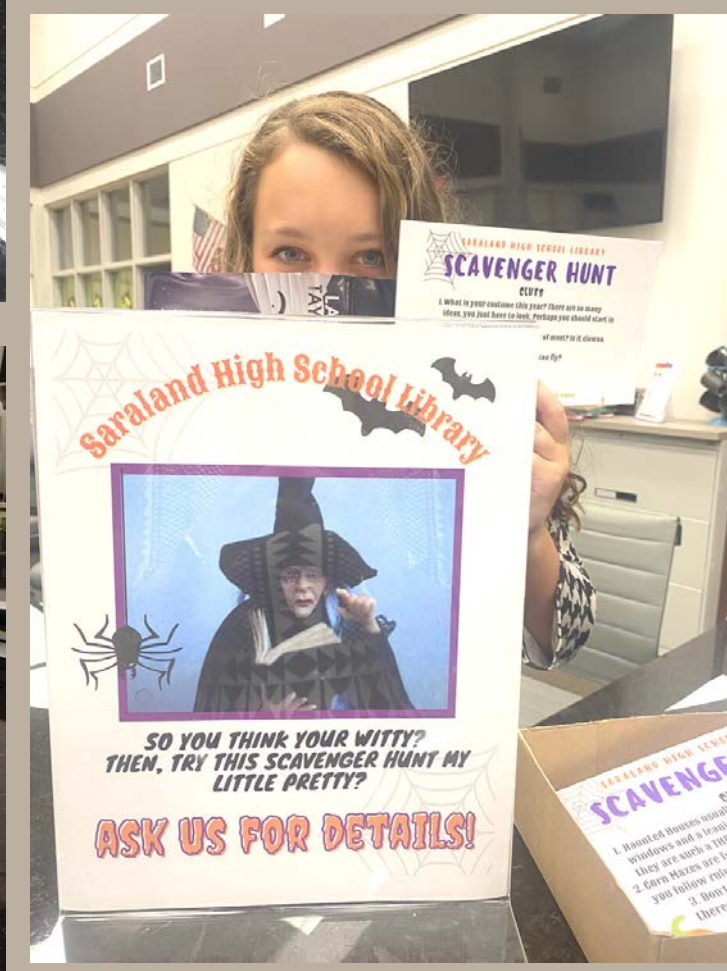

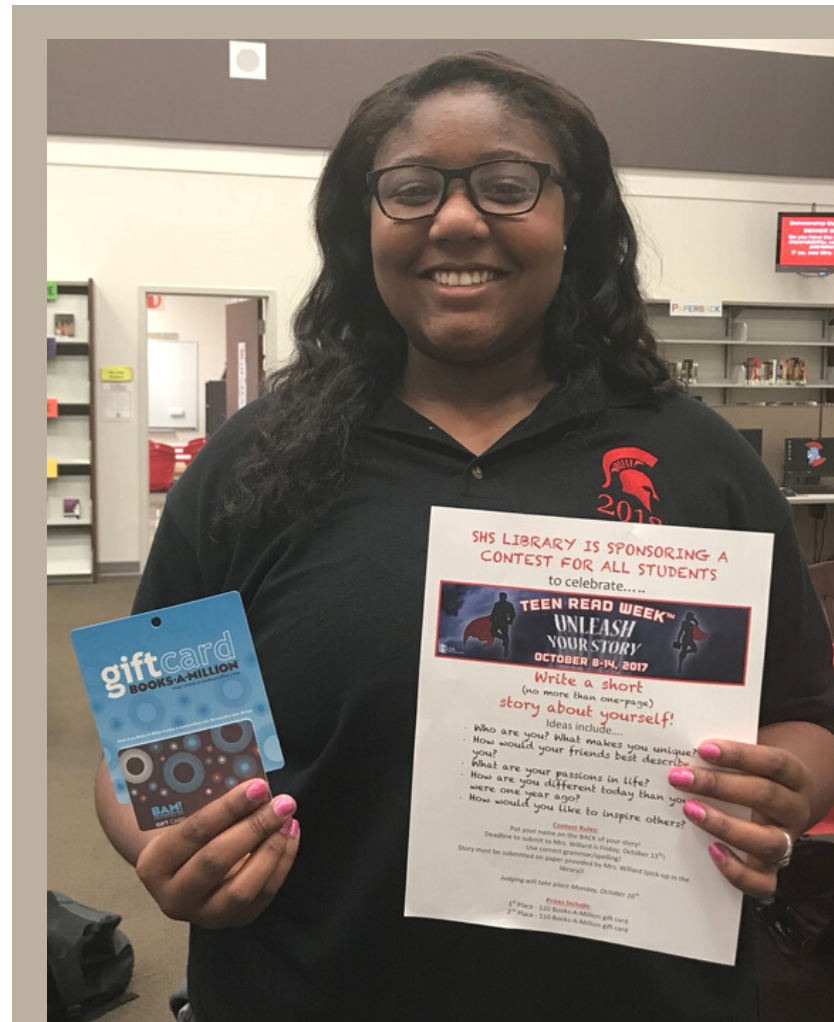

- The Library is Poppin'
